THE CRAFTSMANSHIP ISSUE

THE BEST FROM AROUND THE WORLD

Whether the occasion is lavish and special or if it's just a means of socializing without having to leave the comfort of your own home, there is one thing that's as important as the food you are serving—what you're serving it on. Vandana Khosla, the creative mind behind Elvy Lifestyle, a premium lifestyle brand has brought back the refinement of traditional Victorian dining with this add-on dinner set (*pictured*). So plan that impeccable dinner party and make a lasting impression with how you present your favourite dishes on the table. (*elvy.com*)

A PIECE OF HEAVEN ON EARTH

Rug making is an art with the final product being no less than a masterpiece—it is an expression of the designer's vision and the weaver's passion after all. Inspired by the infinite expanse and distant galaxies of the universe, Karpets by RKS makes sure you never stop dreaming with the Galaxy collection. With a legacy spanning across three generations, the brand offers uniquely patterned rugs perfect for accentuating your home. Featured above is the 'GL-002 RED', which showcases the excellent skills of the craftspeople who made it. The use of a high percentage of silk and hand-spun wool also play a central role in achieving the exquisite design and stunning texture. (*karpetsbyrks.com*)

LUSCIOUS CRAFT

Within, the brainchild of Sonal and Bobbi Tuli, is a premium interior design studio specializing in fine furniture and luxury interiors. The studio embodies a vision of eternal design, teamed with a love for ornamentation and craft that translates into a unique design language. Pictured is the intricately inlaid coffee table from their new collection Sanctum. The collection is inspired by the inner sanctuary within—the basis for all dualities in nature, symbolized by the juxtaposition of two different stones. (*witbin.net.in*)
